

TITHIRA SENARATNE

ENGINEERING
UNDERGRADUATE

I am a Mining Engineer with a passion for applying Remote Sensing, GIS, and my minor in Electronics & Telecommunication to solve intricate engineering problems. My skillset extends beyond the technical, as I am also a creative audio engineer, music composer, and video editor. Additionally, I possess proficiency in various programming languages and web development, allowing me to approach challenges from both analytical and creative angles. This unique blend of expertise fosters effective communication and the development of innovative solutions.
